Re: Assassination of President John F. Kennedy

Dear Miss Gardner:

This is to acknowledge with many thanks your generous gifts of assassination materials. What you have given me, in the main, I do not have in my files. All of the material is of historical significance and very important to my study of the case. Please accept my warm thanks for all of it.

Since I have had opportunities to study in Dallas and at the National Archives, many of the problems which you have pointed up are explainable. I invite you to spend a couple of hours with me when you are in Philadelphia. It will be possible for me to explain some of the questions you raised. All of us can benefit from pooling what we have learned. We all make mistakes in interpreting the data.

Again, it is very good of you to offer me this material. I trust that I can put it to good use in whatever small contribution I can make to discover the truth behind the assassination of our late President.

Sincerely yours,

Vincent J. Salandria
